STUDENT SELF-ASSESSMENT GUIDELINES – INTERNATIONAL PLACEMENTS

INTERNATIONAL STUDENT SELF-ASSESSMENT INSTRUCTIONS

Each student enrolled in field instruction is required to write a Self-Assessment, which is a student driven reflection and appraisal of his/her field placement experience. Each Self-Assessment should be typed double-spaced, and follow the outline below (2-pages minimum). These instructions/guidelines are for those students who have completed an INTERNATIONAL field placement.

Please be sure to:

1. Sign and date this document.
3. Turn it in by the established evaluation deadline.

I. Identifying Information

Student Name: ____________________________________________ Term: ______________ Date: __________

Student Signature: __________________________________________________________________________

Fieldwork Site: _____________________________ Field Instructor’s Name: ______________

Location: __________________________________________________________________________________

II. Please provide a brief but thorough and thoughtful summary about your international field placement experience reflecting on how you have grown professionally. Address each of the following field competencies (which mirror your Educational Agreement/Evaluation practice tasks) as you discuss the professional skills you have developed:
   A. Language/Communication
   B. Cultural Engagement
   C. Assessment
   D. Intervention
   E. Evaluation
   F. Values & Ethics
   G. Professional Development
   H. Recommendations: Please write these so that they are a useful and a meaningful document for the fieldwork site where you were placed. These recommendations will be utilized by the fieldwork site when making improvements and for future field placement planning. These will also allow our international field work sites to increase their commitment to sustainability with their partner programs, their clients and the given community.

III. Personal Reflections:
   A. Briefly describe/share how your international experience has:
      1. Affected you personally.
      2. Allowed you to continue to critically reflect on the concepts of privilege, oppression, diversity, and social justice (P.O.D.S.).
      3. Impacted your future career plans.
   B. Please share a few “words of wisdom”/advice/suggestions that you have for a future student who might be considering an international field placement.
