**SITUATION**

SW residents not as healthy as they could be and not as safe as they want to be  
SW=Vernor and Chadsey/Condon  
Working class with a mix of seniors  
Trilingual  
High dropout rate  
Issues: teenage pregnancy, infant mortality, lack of housing, blight, illegal dumping, gang violence, drugs, crime, DV, homelessness, prostitution, unemployment, poverty, poor air quality, and other environmental problems  
Our community Goal is “All youth will have positive development opportunities at home, in school, and in the community  
Our community Strategy Area is Health and Safety  
How has our Action Planning Team defined our Strategy Area?

**OUTCOMES**

We expect that these strategies will lead to the following changes in 1-3 years:

- Children and youth can play in their community
- More clean green spaces
- More community parks within walking distance of all children
- Improved street lighting
- No blighted or abandoned homes
- No illegal dumping
- All homes physically improved
- Improved city services
- City-community alliance
- Active block clubs
- Active CB patrol
- Reduced gang violence
- Community gardens
- Interpretation call center
- Community transportation system
