II. STUDENT SERVICES AT THE UNIVERSITY

All academic counseling is handled by the student's faculty advisor. However, the School and the University are sensitive to the fact that students may have needs which require special academic and social support services in order to facilitate their adjustment and optimize their performance. The Office of Student Services has information on various services available both at the School and on campus. Below we have listed some of the resources and services available to you on campus. For additional information you can contact them directly or through the Office of Student Services.

A. Tutoring or Information on Tutoring
